# MEMBERSHIP CATEGORIES

**Regular Members:** A regular member of the association shall be a company membership with a designated individual representative. The company is primarily active in erecting structural products for the construction industry. All regular members will commit to providing a quality product in a safe working environment. Regular members have full voting rights.

**Supplier Members:** A supplier member of the association shall be a company membership with a designated individual representative. The business shall supply services, products and or labor to the regular members and the construction industry. Supplier members shall vote for the supplier member representative to the board of directors and other matters requiring a vote of the membership with the exception that the supplier members shall not vote for the elective positions of president elect and regular director positions of the board of directors.

**Associate Members:** An associate member of the association shall be a company or individual who is associated with the construction and structural industry, and do not supply services, products and or labor. Associate members shall not have voting rights.

**Professional Members:** A professional member of the association shall be a firm or individual who is associated with design of structural products. Professional members shall not have voting rights.

Your association dues are not deductible as a charitable contribution for federal income tax purposes.

However, they may be deductible as an ordinary and necessary business expense.

Fees cover 12 months from date of approval.
